# GORE A&P ASSOCIATION

## RAM FAIR RULES

1. The sale will be conducted by the Gore Stock Agents' Association, under the conditions of sale the NZ Stock Agents' Association operate under, and which are displayed on the rostrum.
2. All sheep shall be offered and sold, subject to the rules of the sale as published in the catalogue.
3. All entries are to be made on the official entry form and must be signed by the Vendor or his Agent, with such signature confirming that all Rules are accepted by the Vendor.
4. Only registered sheep will be accepted for sale.
5. All rams entered for sale must be entered in, or eligible for, registration in a recognized Flock Book.
6. SIL is not mandatory.
7. The Ram Fair Committee reserves the right to refuse any Vendor's entries not complying with the Rules.
8. The Gore A&P Association does not accept any legal responsibility in the case of wrong description of any Lot but takes every care to prevent errors as far as possible.
9. All rams entered for the sale will be catalogued. Replacements are allowable after entries close.
10. The Ram Fair Committee reserves the right to limit the number of entries if required, prior to the compiling of the catalogue.
11. No refund of fees will be made for any lots withdrawn or passed.
12. The Vendor must determine when making his entry, the order in which his sheep are to be sold. He must also declare the name of the selling agent for each Lot.
13. The sale will be divided into runs at the discretion of the Ram Fair Committee, with rams being sold in Vendors' runs. Vendors offering two or less rams will be sold in the first run. Vendors offering three or more rams will have their entries divided into two runs, with the greater half (if the numbers are uneven) entered in the first run.
14. All pens to be filled from front of catalogue.
15. All Lots will be offered for sale in the order set out in the catalogue. Purchasers have no option to reject any number in the pens as offered.
16. The selling order of Lots presented shall be determined by the calculated average prices received by each Vendor in each Breed at the Association's Fair held the previous year, with the rams of the Vendor who secured the highest average price offered first, and thence in descending average order. If any two or more Vendors should have equal average prices, the order of sale shall be decided by ballot. Then the rams of Vendors who did not sell a ram at the Association's Fair the previous year shall be offered, with the order being decided by ballot.
17. In the event of any Vendor being short in his entry, his pen or pens shall remain unoccupied.
18. In the event of any Vendor not being ready to have his sheep put in their respective order as catalogued, they shall be passed and held over until the end of the respective breed.
19. Thirty seconds will be allowed to obtain the first bid, which shall not be less than \$800, or the Vendor's reserve. If there is a reserve, the Auctioneer will advise this prior to bidding commencing. Once the reserve has been reached, he will announce the ram is now on the market. The Auctioneer will nominate all bids to be taken.
20. Any Stud Ram not sold in the ring cannot be purchased outside the ring for less than \$1,000. Rams purchased for transfer to be \$1,500.
21. All sheep catalogued for sale must be submitted to auction and no private sales will be permitted before being offered.
22. All stock shall bear the catalogue number allotted by the Committee. A number on PVC backing, to be affixed by glue to the middle of their back, just behind their shoulder line.
23. On the fall of the hammer, the Auctioneer must announce the name and buying number of the Purchaser.
24. On the fall of the hammer, the Lot becomes the property of the Purchaser and must not be handled without the Purchaser's consent. In the event of a Lot being passed, the responsibility for the Lot shall remain with the Vendor.

---

*Lot numbers must be left on ALL sheep (including passed-in entries) until they leave the grounds*

25. The entry of rams in this sale, carries with it an undertaking by the Vendor that the purchase price (without interest, costs or damages) will be refunded, should the ram prove infertile or incapable of service, except in the case of accident or injury after purchase. Any complaints must be lodged with the Auctioneers within six months of purchase. This undertaking shall not affect the right of the Vendor or Purchaser to make mutually satisfactory arrangements for a sheep to be replaced. **All rams will carry a full Vendor's Guarantee for two calendar months from the date of sale.**
26. **All entries must be accompanied by a copy of the current Flock Brucellosis Accreditation Certificate** and entries cannot be accepted without this Certificate. **The certificate must still be current at the date of sale.**
27. Any ram which is offered for sale under special conditions, (part-share only, retention of a store of semen, prior sale of semen, sale of semen rights, retention of semen rights, or all of the preceding, substituting embryos for semen) shall have this and the division of the share clearly stated on the entry form and entered in the catalogue. The Vendor will also state the possession factor, number of ewes to be mated by each shareholder and any grazing charges payable and this information, along with that printed in the catalogue and intended by the Vendor, shall be displayed on the pen and announced by the Auctioneers when the ram enters the ring.
28. Suffolk rams must have a minimum of 88% Suffolk parentage.

# RULES AND CONDITIONS OF SOUTHERN TEXEL RAM SALE

Conducted under the auspices of the Gore A & P Association at their Showgrounds

1. The Sale will be conducted by the New Zealand Stock Agents' Association.
2. Vendors must be members of the Southern Texel Breeders Club and have their pure and appendix flocks registered with the New Zealand Texel Society: except that to obtain adequate numbers for the sale entries may be invited from other registered breeders at the discretion of the Sale Committee.
3. All rams offered for sale must be from Registered Texel pure ewes and sired by registered Texel Single Entered rams.
4. **Current** Brucellosis accreditation certificate is required with entry. Entries will NOT be accepted without this certificate.
5. Rams will have been vet inspected within two weeks prior to date of sale and must display the certificate on ram pen on sale day.
6. The closing date for entries is 2 December 2023. No late entries will be accepted.
7. The entry fee is \$86.95 plus GST (\$100) per pen. Pens are to be for one ram only.
8. Entries must be accompanied by the appropriate fee.
9. There will be no refund of entry fees.
10. All rams offered for sale must be Microphthalmia non-carrier DNA tested. Proof to be submitted to sale committee before sale day.
11. All rams to be penned by 11.00 am. Selling commences at 1.30 pm.
12. The minimum price is \$800. Rams passed in the ring will not be available for sale on the day for less than \$1000 or the vendors reserve whichever is the greater.
13. Vendors are responsible for maintaining a high standard of physical soundness in their entries. The Committee will appoint a referee from outside the club who will advise the committee in the event that any rams put forward for sale are considered to reflect negatively on the breed. The committee reserves the right to have such animals withdrawn from the sale.
14. The auction shall be in two rounds and the same order of sale will apply to the second round as the first. Half of each vendors rams penned will be sold in each round but entries of only one ram or rams over from a split entry will be included in the first round.
15. The Vendor must determine, when entering, the order in which the rams are to be sold and also declare the name of the selling agent for each lot.
16. Order of Sale will be determined by the last year's average price received for rams entering the ring. The vendor with the highest average will sell first followed by others in descending order. New vendors will be balloted for order after the vendors with previous sale averages.

---

*Lot numbers must be left on ALL sheep (including passed-in entries) until they leave the grounds*

17. Rams for the sale must be shorn between 20 July 2022 and 21 October 2022.
  18. Rams entering the sale may be dipped, but not coloured, oiled or singed.
  19. It is the vendor's responsibility to display flock rams' cards on the pen.
  20. No ram shall be entered for sale unless the bona fide vendor is named.
  21. Unless entered for sale, no rams for sale shall be allowed on the showgrounds.
  22. All rams must be submitted under the hammer. No private sales shall be allowed until the completion of the sale.
  23. The sale committee members are empowered to keep alleyways from which rams are submitted absolutely clear of the public.
  24. All stock must be removed from the showground no later than 10.00 am on the day following the sale.
  25. Insurance of all rams is the exclusive responsibility of the vendor and purchaser.
  26. Every lot will be the purchaser's responsibility from the fall of the hammer. No error omission or misdescription shall any way invalidate the sale or be made the subject of any claims for compensation from either the sale committee or the auctioneers.
  27. Time Limits: 30 seconds will be allowed in which to obtain the first bid which shall be not less than \$800, thereafter bidding shall continue at a maximum of 15 second intervals. If the bidding on the animal under offer shall reach \$2000, an extension of time will be allowed at the discretion of the Ram Fair Committee; after \$10000 an extension will be at the discretion of the auctioneers.
  28. The sale committee has the right to exclude and limit entries.
  29. After the commencement of the sale no ram may be withdrawn from the sale without the approval of the sale committee.
  30. All lots will be offered under the approved conditions of the Gore A & P Association.
  31. Any rams sold for \$1,500 or more are eligible for Single Entry and transfer unless vender advises otherwise before the Ram Fair selling commences. This clause is subject to the ram meeting Texel Society requirements.
  32. Only scanning measurements taken before 30 April 2022 can be displayed on the pen.
  33. Every vendor and purchaser entering into this sale shall be deemed to accept and agree to these conditions of entry.
  34. All production indexes and breeding values presented are from the New Zealand Genetic Evaluation (NZGE). Rankings to be within flock and each ram is ranked out of the number of ram lambs weaned.

## Sheep Improvement Limited (SIL) Glossary

### Production Indexes

All indexes are an estimate of the genetic merit of each ram as a sire for each trait or combination of traits compared to other Texel rams in this catalogue. They are expressed in cents to show the financial benefit of this genetic merit. Genetic merit is cumulative and compounding (like compound interest at the bank).

NZTW	The New Zealand Terminal Worth index is an estimate of genetic merit for <b>Growth, Meat Yield and Survival</b> .
Meat	The SIL Terminal Sire <b>Meat Yield</b> index represents estimated meat yield adjusted for carcase weight.
Growth	The SIL Terminal Sire <b>Growth</b> index represents estimated growth to autumn
DPc	The Dual Purpose index is an estimate of genetic merit for <b>Reproduction</b> (lambing percentage), <b>Survival, Growth, Adult Weight and Meat Yield</b> . This is now identical to the SIL Index NZMW+M.
Reproduction	The SIL <b>Reproduction</b> index represents an estimate of the value of improved lambing percentage, capped so that very high fecundity rams have a restricted index.

### Breeding Values

Breeding values are expressed in the units the trait is measured in, and are an estimate of the value of the ram's genetic merit for the trait compared to other rams in the analysis.

WWT = weaning weight (kg)

LW8 = autumn liveweight (kg)

EMAc = eye muscle area adjusted for carcase weight (cm<sup>2</sup>)

NLB = number of lambs born (multiply by 100 for lambing percentage)

† = a dagger beside the Breeding Value (BV) means that the ram has been DNA tested and the BVs are genomically enhanced.

### Rank

The rank represents the rank from the animals recorded as alive in the flock at weaning

## ***Harness his earning power***

He's worth big money so make him pay his way.  
Your elite ram can cover 2000 ewes per season  
through our AB Centre,  
but only 200 ewes naturally.

- Gain: Genetic insurance; if your elite ram dies you still have his genes
- Gain: Increased connectedness and fair comparisons with other flocks
- Gain: Increased elite ram to ewe ratio
- Gain: Faster flock improvement for you and you ram clients
- Gain: Profit from semen sales nationally and internationally
- Gain: Free advertising in our establish Ram Semen Catalogue
